

Your Professional Commercial Kitchen Solutions...

**Commercial Kitchen - Designer - Supplier - Manufacturer**

# Company Profile

[www.metrohnr.com](http://www.metrohnr.com)

Metro H & Res Co., Ltd. has been engaged in foodservice business for more than 30 years. Our office headquarter is located in Bangkok, Thailand with our own factory in Singburi province, 122 KM north from Bangkok. Our ISO 9001 certified factory has the total site area of 20 Rai with the production base of 25,000 sq.m. We use the state-of-art machineries & tools with the latest technology in order to manufacture the best quality of local stainless steel fabrication with the competitive price offers.

Our wide ranges of services include design consultation, supply, after sales service for commercial kitchens. Our main clientele included hotels, restaurant, manufacturers and coffee shops, fast food, bakery, cafes, superstores, hospitals, clubs and industrial canteens in various projects in Thailand and other regional locations like Cambodia, Maldives, Laos, Myanmar, Vietnam etc.

With the achievement in successfully undertaking numerous prestigious projects, Metro H & Res has increasingly gained its credibility not only from it the global clients, but also from many overseas foodservice manufacturers who have confidence of the company's capability to penetrate the new markets. The company is now the exclusive distributors of many major brands include Hobart, Vulcan, Electrolux, Rational, Rieber, Bongard etc.

In order to provide the best services to our customers, Metro H & Res is commissioned to provide our customers with all repairs and maintenance services. All engineers and technicians are factory trained by respective manufacturers to ensure accurate and efficient responses. All customer calls will be acted upon within 24 hours in Bangkok area and 48 hours in other provinces.

### **LOCAL STAINLESS STEEL FABRICATION**

Metro H & Res is committed to work in a sustainable way and to turn its attention to the quality of its products to improve its environmental influence. We continuously upgrade our products both in design and quality through R&D programs. Existing products are continuously improved and new products are developed to meet the increasing demands. Our production team has capabilities to meet the full range of customer needs. The unique design and durable structures of products bear witness to our thoroughness in every detail.

### **COLD ROOM**

Our own production facilities in Singburi province have Cold room section to handle the increasing demands of good quality cold rooms and specific requirements. We do the turnkey scope of work for cold room including design, installation, and service.
